## Myanmar targets to export 2.5 mln tons of rice this year

Xinhua : 02/July/2018

**Myanmar** : Myanmar's Rice Federation targets to export 2.5 million tons of rice this year, which is the country's major agricultural product, local Daily Eleven reported Monday. Meanwhile, the country earned 18.12 million U.S. dollars from 528,400 tons of rice exports via both border gates and sea route as of June 8 during the six-month transitional period which started in April. ## Vietnam's rice exports surge 42% in first half of 2018

Nhan Dan : 28/June/2018

**Vietnam** : NDO - Rice exports brought in US\$1.81 billion for Vietnam in the first six months of 2018, up 42% over the same period last year, the Ministry of Agriculture and Rural Development has reported. [Read more](#)

## Lao rice consumers pay highest price in region: World Bank

Xinhua : 21/June/2018

**Lao** : Local Lao consumers are paying one of the highest prices for rice in the region even though Laos is a significant rice producer, local daily Vientiane Times on Thursday quoted the latest edition of the World Bank's Lao Economic Monitor as saying. [Read more](#)

## Govt, private sector to buy more rice from farmers

Thaivisa : 19/June/2018

**Thailand** : their cooperation in buying 9,000 tons of rice from agricultural cooperatives in four northeastern provinces. The rice deal is expected to boost incomes for more than 140,000 farmers. [Read more](#)

## Myanmar exports over one million ton of rice from Yangon ports

Port News : 20/June/2018

**Myanmar** : "Myanmar exported one million ton of rice from Yangon ports within four fiscal years and most of them are exported from Sule port terminal," said Managing Director Ni Aung from the MPA.

It exported over 160,000 tons of rice in 2014-15 FY, about 41,000 tons of rice in 2015-16 FY, over 195,000 tons of rice in 2016-17 FY and over 630,000 tons of rice in 2017-18 FY respectively. [Read more](#)

## Price of rice seen to drop with arrival of NFA rice

Cebudaily : 22/June/2018

**Philippine** : The public may soon see a lowering of prices for commercial rice as the unloading of the first shipment of rice imported by the National Food Authority (NFA) from Vietnam has started.

Olma Marie Bayno, Information Officer of NFA-7, said the cargo agent of the supplier committed to work on the unloading operations 24 hours a day. [Read more](#)

### NFA unloads imported rice from Thailand, Vietnam in Subic

Philippine New Agency : 20/June/2018

**Philippine** : The National Food Authority (NFA) on Wednesday started unloading the 340,000 bags of imported rice from Thailand and Vietnam, which arrived in the Port of Subic last June 5.

NFA Administrator Jason Aquino said the shipment was brought to Subic on-board MV TAY SON 2, which is currently berthed at the former Naval Supply Depot (NSD) here. [Read more](#)

## Duo: Rice price dip temporary

Bangkok Post : 22/June/2018

**Thailand** : A high-ranking state official and a rice exporter came out in concert to defend a recent dip in rice prices, saying the fall is short-lived. Deputy Commerce Minister Chutima Bunyapraphasara said the recent price drop might stem from purchase delays by rice importers and heavy rains deterring transport and rice delivery. [Read more](#)

## Bad weather holds up unloading of 200,000 sacks of rice from Vietnam

Manila Bulletin : 28/June/2018

**Vietnam** : Foul weather has caused delays in the unloading of the 10,000 metric tons or some 200,000 sacks of rice that came from Vietnam.

The unloading was supposed to be completed a week after the arrival of the sacks of rice. "The weather disrupted the operations. Of course, when it rains, the operation will be automatically stopped," said Olma Marie Bayno, information officer of the National Food Authority (NFA). [Read more](#)

## Rice industry urges legislation to regulate supply chain

Myanmar : 27/June/2018

**Myanmar** : In March, the MRF organised a stakeholder forum for the rice sector in Nay Pyi Taw, which was attended by State Counsellor Daw Aung San Suu Kyi. The event tackled two areas - the base price for paddy during the harvest period as well as to draft a rice bill.

The Federation has drafted the rice bill, which is intended to support the development of the rice sector, and has consulted farmers and agriculture development committees from both houses of parliament this month. They have planned to talk to the Union Attorney General Office's about the proposed legislation [Read more](#)

## Government imports rice due to poor cultivation: Farmers syndicate chief

EGYPT : 01/July/2018

**Egypt** : Chief of the farmers syndicate Hussien Abdel Rahman Abu Sedam said on Sunday that the Egyptian government will be importing rice following recent poor land cultivation, a far-cry from when Egypt was once an exporter of rice.

Sedam questioned why the government would import rice without considering the risk this would pose the future of Egyptian farms and agriculture. [Read more](#)

## Agriculture department sets suggested prices for rice, other goods

Rappler : 25/June/2018

**Philippine** : To avoid further abnormal movement of prices in local markets, the Department of Agriculture (DA) set a suggested retail price (SRP) scheme for 8 agricultural products on Monday, June 25. Agriculture Secretary Emmanuel Piñol said the department order covers only Metro Manila markets. The SRP scheme will be rolled out to other regions in the coming days. [Read more](#)

## Bidders swarm open auction for rice imports

Philstar : 27/June/2018

**Philippine** : The government has opened the bidding for the importation of 805,200 metric tons (MT) of rice under the minimum access volume (MAV) scheme. The open auction was oversubscribed, attracting nearly 450 companies and cooperatives. National Treasurer Rosalia de Leon said the government received bids for 1.8 million metric tons of rice, more than double the programmed offering of 805,200 MT. Only 80 percent (644,000 MT) of the import volume was allocated for non-farmer organizations while the remaining 20 percent (161,000 MT) was allotted for farmer organizations.

Allocations for Luzon, Visayas, and Mindanao are also proportioned based on the 2018 national daily consumption requirements. Of the total rice imports, 467,000 MT will be for Luzon, 153,000 MT for Visayas, and 185,000 MT for Mindanao. [Read more](#)

## RBD urges farmers to plant fragrant rice

Khmer Times : 29/June/2018

**Cambodia** : With demand in foreign markets on the rise and its price increasing, the government is encouraging farmers to start planting a variety of fragrant rice known as 'Sen Kro Ob', which was named best rice in the Kingdom last year. Kao Thach, CEO of the Rural Development Bank, said in a Facebook post on Wednesday that demand for Sen Kro Ob has experienced a recent boost, but that its supply is still limited. [Read more](#)

## Rice farmers battling drought in Pursat province

Khmer Times : 29/June/2018

**Cambodia** : Prangil commune, Pursat province – Chheng Phanna takes his krama and wipes the dripping sweat off his face, exhaling a long breath of disappointment as he sits down on the dike dividing his small, arid rice field that is thirsty for water.

The 38-year-old farmer is struggling to spur his rice seedlings due to a drought in Pursat province, which hasn't yet been hit with rain like other parts of the country.

"We are facing a water shortage and we need to rent pumps to get water from a nearby canal, but so does everybody else," he says. "This means the canal dries out fast. It's been a month without rain now. I grow rice just to feed my family and if rain does not come, we will have nothing to eat." [Read more](#)

## Battambang farmers optimistic about new project to build dam

Khmer Times : 02/July/2018

**Cambodia** : A new dam project in Battambang province's Ek Phnom district is expected to end ongoing drought problems and provide water to villagers farming on more than 10,000 hectares across three districts. [Read more](#)

## Facility for rice opens in Battambang

Phnom Penh Post : 04/July/2018

**Cambodia** : Cambodia's first \$15 million rice storage and drying facility made its official debut on Tuesday, while three other facilities are set to open later this week, according to insiders.

The Battambang province-based rice storage facility, which is operated by Thanakea Srov (Kampuchea) Plc, received a \$15 million loan from the state-owned Rural Development Bank (RDB) in early 2016.

The warehouse is set to be the first privately owned centralised storage facility with a capacity to store 200,000 tonnes of wet paddy and process the drying of 3,000 tonnes of it a day.

Phou Puy, chairman of Thanakea Srov, said that with the presence of the warehouse, good prices for farmers' rice can be assured. [Read more](#)

## Hopes grow as agriculture sector gains from initiative

Phnom penh post : 17/June/2018

**Cambodia** : More than 2,000 crop farmers and 200 rice cooperatives signed up and ... a country program officer at IFAD, said agriculture in Cambodia has ... [Read more](#)

## China changes rice import tariffs

ECNS Wire : 02/July/2018

**China** : Rice products imported from certain countries will abide by specific tariff rates in accordance with the rules of the World Trade Organization, the World Customs Organization and bilateral free trade agreements, the ministry said. Tariffs on unhusked rice, whole rice, broken rice, fine powder of rice, and coarse powder and grain of rice imported from the Association of Southeast Asian Nations (ASEAN) will be at 50 percent, 50 percent, 5 percent, 40 percent, and 5 percent, respectively. The MFN tariff rate for rice, tariff-rate quotas and ordinary tariff rate will not be affected by the new policy. [Read more](#)

## Vietnamese firms face uphill task to export farm produce to Thailand

Vietnam Plus : 19/June/2018

**Vietnam** : A delegation of 30 Vietnamese enterprises, mostly from Ho Chi Minh City and southern provinces, attended the recent ThaiTex, the leading food, beverage and food technology in Thailand, to introduce outstanding farm produce of Vietnam in the market at a hope to export more products to the country.

Aware that Thailand itself is a major farm produce exporter, the Vietnamese firms chose high quality products with marked differences in quality and taste from Thai products to showcase at the event, including organic products. [Read more](#)

## Vietnam - potential market for rice bran oil

Vietnam Plus : 22/June/2018

**Vietnam** : Vietnam has recently joined the group of rice bran oil-producing countries, with a modest output, but as one of the largest rice exporters in the world, the country has great potential for developing this industry. More than 200 participants including experts, researchers, and representatives of rice bran oil companies from 20 countries of 5 continents ... discussed how to promote the global production and trade of rice bran oil at the International Conference on Rice Bran Oil 2018 (ICRBO 2018) in Hanoi, Vietnam this May. [Read more](#)

## 'Floating' thermocol eases paddy transplantation work

Several farmers have come out with unique methods to solve the problem of shortage of labourers in the farming sector. Here is a farmer in Senarebail in Ullal Uliya who has reduced the paddy transplantation period from 30 days to 10 days. [Read more](#)
